Total Attrition Cost

Rs.62,313
Avg Cost Per Leaver

KEY FINDINGS FROM SQL ANALYSIS

- Overtime is the #1 Attrition Driver**
Overtime employees quit at 30.5% vs 10.4% for non-overtime — nearly 3x higher. Even overtime employees with HIGH satisfaction quit at 21.1% — more than dissatisfied non-overtime employees at 17.6%.
- Sales Department Bleeds the Most Talent**
Sales had the highest attrition at 20.6% — 1.5x higher than R&D; at 13.8%. Sales Representatives specifically had 39.8% attrition — nearly 2 in 5 quit.
- First 2 Years Are the Highest Risk Period**
Employees in their first 2 years quit at 29.8% — nearly 3x the rate of 5+ year employees at 10.8%. This points to an onboarding and early engagement problem.
- Salary Gap Between Leavers and Stayers**
Employees who left earned Rs.4,787/month on average — Rs.2,046 less than stayers at Rs.6,833/month. Lower salary is strongly linked to attrition.
- Under-25 Employees Leave at Nearly 40%**
The youngest age group had 39.2% attrition — nearly 4x the rate of 35-44 year olds at 10.1%. Early career employees are the highest flight risk.
- R&D; Bears the Highest Absolute Cost**
Despite a lower rate, R&D; incurred Rs.76.78 Lakhs in attrition cost (Rank 1) due to larger headcount. Sales incurred Rs.64.29 Lakhs (Rank 2).

ATTRITION BY DEPARTMENT

Department	Total Employees	Employees Left	Attrition Rate	Attrition Cost
Sales	446	92	20.63%	Rs.64,29,164
Research & Development	961	133	13.84%	Rs.76,78,045
Human Resources	63	12	19.05%	Rs.6,60,977
TOTAL	1,470	237	16.12%	Rs.1,47,68,186

BUSINESS RECOMMENDATIONS

Overtime Policy Reform	Introduce overtime caps and compensatory off for Sales and R&D.; A 15% reduction in overtime-driven attrition saves approximately Rs.22 Lakhs annually.
Early Tenure Retention Program	Implement structured 90-day onboarding and 6-month check-in for new hires. Targeting 0-2 year group could prevent up to 102 annual departures.
Salary Band Review	Low salary employees quit at 21.8% vs 8.9% for high earners. A targeted salary review for Sales Representatives and Laboratory Technicians could significantly reduce attrition.

WHAT-IF SIMULATOR — RETENTION SAVINGS

Retention Improvement	Employees Retained	Annual Savings	New Attrition Cost
10% reduction	24	Rs.14,76,815	Rs.1,32,91,337
20% reduction	47	Rs.29,53,630	Rs.1,18,14,522
30% reduction	71	Rs.44,30,446	Rs.1,03,37,706
50% reduction	119	Rs.73,84,076	Rs.73,84,076
